

Date: July 29th, 2021

Time: 10:00 – 11:30 AM

Present: Leah Main, Paul Peterson, Valerie Cowan, Elizabeth Quinn, Dana Hawkins, Lynn Shortt, Amy Allcock, Paris Marshall Smith, Kevin Murphy, Tara Stark, Matthew McClelland, Ramona Faust, Hailey Troock, Rachael Roussin, Nyree Marsh, Anneke Rosch.

Welcome and get settled – Call meeting to order 10 am

Minutes from last meeting – May 13th, 2020

Motion to adopt the minutes as circulated: Moved: Leah, Second: Elizabeth, None opposed

Financial Report - provided by Abra

- Food Security Action Plan wrapped up
- RDCK Directors and support - board passed motion to provide core funding to CKFPC - more formal commitment - made by Board - general commitment for 15k on annual basis
- \$7500 secured to support the development of our Forest Values project
- Gaming Grant -Food systema literacy program
- Funds to continue until end of year
- Cannabis Development Council provides funds for 8 hours per week

Staff reports - circulated in advance of meeting and discussed:

Amy - Communications:

- Print version of Directory is now out
- Food Security Action Plan
- Website updates

Abra - Exec Director:

- BC Govt announced Cannabis farm gate and direct delivery to retail for small scale growers will enable better access to market. Cannabis Council submitted a proposal on how this could be developed to best serve the needs of legacy craft growers.
- Food Security Action plan revised and finalized.
- Working with two Matthew: one working on a Masters at Royal Roads University on increasing citizen engagement in land use planning; and the second one is a law student in Ottawa researching and analysing cannabis policy in other jurisdictions
- Food Hub project in Silverton - we have been asked to submit a quote to support their

work.

- Discussion on the cannabis sector and how people are impacted / understand it:
Ramona: cannabis policy work interest - need to look at adjoining farms and interests.
Abra to follow up with Directors to get more involved in cannabis policy. Paris she is aware of concerns of contamination and poisons used in pest control and water.
Legalization would bring the sector under pesticides regulations at the federal level. Tara is also interested. Those who wish for more information are encouraged to send Abra an email

ALC residential policy change update - provided by Dana Hawkins RDCK Planner

Bill C-52 - broadened non adhering rules

Bill 15 - taking away exclusion application

NEW: Residential flexibility coming back to ALR

Dec 2021 - come into force - options for 2nd home

Garden suites, guests houses, carriage suites, manufactured homes

Principal residence can be built in addition to manufactured home that was a principal residence

Extended family, agri tourism, farm labour, rental property for income (not just immediate family and owner)

Size of 2nd residence will depend on land parcel and existing home: parcels 40 hectares or less

No application to ALC if fit into these regs but RDs and other local govts can be more restrictive

Tiny homes and yurts wouldn't be considered legal second residence since don't pass provincial building codes, which is the limitation here

Council Members & Guests Updates

Paul - Area K Director

Brand the area, brand marketing strategy

Different farmer needs - need retailers

50 calls per day on fires
